1. In the amendment dated September 10, 2003, applicant has canceled claims 1-3, and has added new claims 4-6, which are in allowable condition.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

2. Claims 4-6 are allowed, as the prior art of record does not teach or suggest a method for determining variations of resistivity index of a family of rock samples as a function of water saturation, in the presence of a non-electrically conducting fluid, including determining the resistivity index of all the samples of the family of rock samples on a basis of a variation of parameters describing a layout of the pore network, in combination with the remaining limitations of the claims.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brij B Shrivastav whose telephone number is 571-272-2250. The examiner can normally be reached on 7 AM to 4 PM.
